If we are to maintain the staff complement that supports our dynamic programs, our givings will need to grow by 5 to 7 % to meet inflation.

If you are able, we are asking you to increase your donation for 2024. If you gave \$5 weekly could you raise that to \$7? If you gave \$100 a month could you raise that to \$125? If you gave \$23 a week could you raise that to \$30? If you have been giving over \$200 a month, could you raise your giving by 5 to 7%?
