Giving Guide 2027

Financial resources are an essential part of our ministry. An increase in financial resources is needed to sustain the life and work of UCiM and allow our light to shine. Our costs are rising with inflation and as we age there has been a decline in some revenue sources. Please give prayerful consideration to increasing your givings this year and give as you are able.

Some thoughts to ponder as you decide on your level of giving:

* Reflect on the abundance in your life and give thanks.
* Jesus calls us to love one another. Sharing what we have is a way of doing that.
* Consider your household budget income alongside your values.
* Are you able to move up a step on the chart below?

The chart below shows what we gave in 2025 to support UCiM general operations and Mission and Service of The United Church of Canada. It is provided with the awareness that no two of us have the same resources and life situation. How much you give is between you and God. All givings are valued.
